

STATE BOARD OF CHARITY

BOSTON, May 6, 1915.

Chairman Overseers of the Poor,

DEAR SIR:—Enclosed herewith find blank forms upon which you are to make return of all persons aided or relieved by your town during the year beginning April 1st, 1915, and ending March 31st, 1916. These blanks are sent you at this time, instead of the latter part of March, 1916, in response to the universal request of the various Overseers that the personal schedules for poor relief returns be sent them early in the year so that they could be entering cases upon them as the year goes along. Please note that no duplicates of these blanks will be sent you next March. Kindly, therefore, take every means of preserving these.

The blank forms for your return of receipts and payments on account of poor relief will not be sent you until next March.

Please note carefully that the law requires these returns of poor persons relieved to be made during the month of April after the close of the year upon which you are reporting, that is to say, the blanks herein enclosed must be filled out completely and returned after the 31st day of March and before the 1st of May, 1916. The law provides a penalty of one dollar for each day's neglect to make the return, and this provision is automatic, being quite beyond the control of this office to alter or to extend.

Please note further that these returns of persons relieved relate to every person regardless of age or condition, that has been supported, aided or relieved as a poor person by your city or town between April 1st, 1915, and March 31st, 1916. Every name must appear, but the names of all children may be left out provided sex and all other data be given for each child.

At the special request of a committee of the Eastern Relief Officers Association, this paragraph is to be interpreted to mean persons actually aided; so that the place of aid is the place to do the reporting. A person aided in town A but settled in B is to be reported by town A and not by town B.

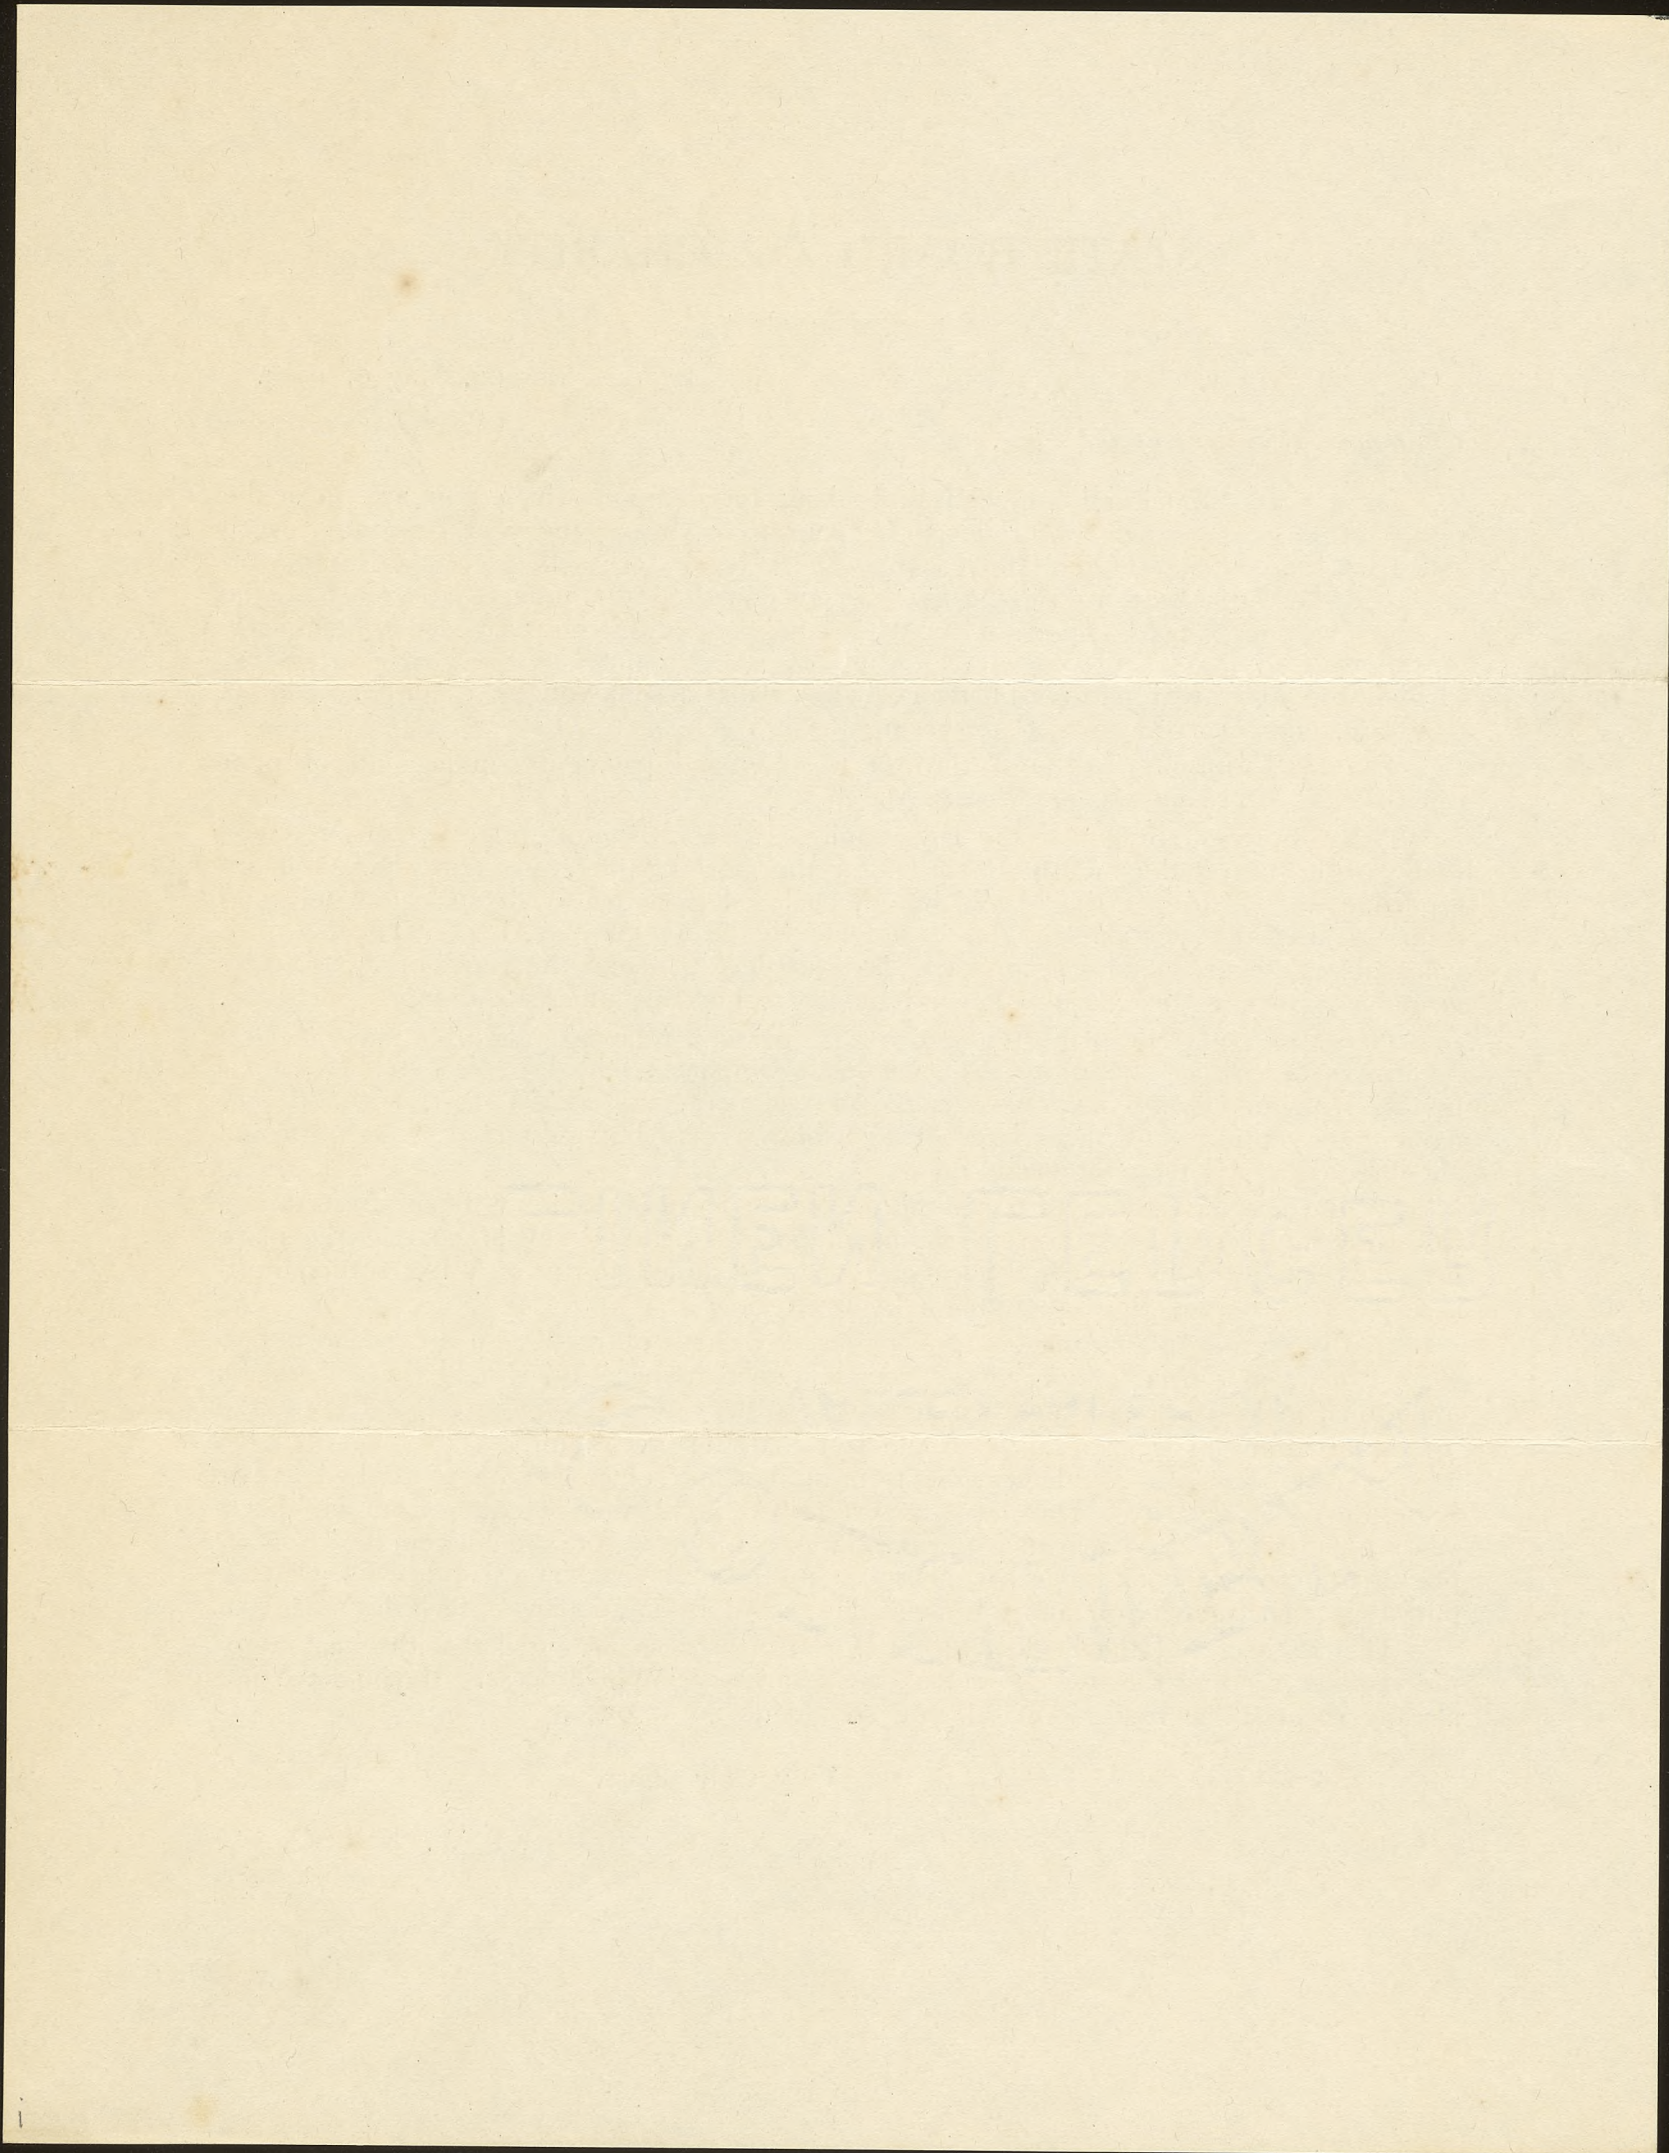

In the matter of returns under Chapter 763, Acts of 1913, you are requested to write "763" in the column headed "Aided in own home;" or, should these cases be numerous, make return of them on separate sheet.

Your attention is also called to the fact that the law requires your town to keep a register of poor persons relieved, the form of the said register to be prescribed by the State Board of Charity. This form as prescribed is obtainable either from Hobbs & Warren or from J. L. Fairbanks & Co., stationers, Boston, or, should you desire other parties to prepare a book for you, copy of the form can be had at this office for printers' purposes. The penalty of failure to keep this record is one dollar for each day's neglect.

This register and the enclosed form of returns are so arranged that the keeping of the register renders the making out of the returns a simple process. If you have not already secured the revised record, you should do so at once.

Very truly yours,

ROBERT W. KELSO,
Secretary.
